

IN THE SPECIFICATION

Please amend page 6 to insert the following paragraph prior to the heading

“Disclosure of the Preferred Embodiments”:

B1  
- Figure 9 is a schematic partial top view showing in detail an upper section of first means and second means of the line feeding wrapping sheets to a working station.

Please amend page 6, the paragraph at line numbers 21-22 to read as follows:

B2  
Wings 5A of square right angle, regularly spaced apart, pulling elements 5, run inside the above mentioned seats.

Please amend page 7, the fifth paragraph, line numbers 15-17 to read as follows:

B3  
The film K passes through a so-called slow run 16, formed more precisely by the facing runs of three pairs of endless conveyors 16A, 16B, only one of which is shown in the Figure 2.

Please amend page 8, the second full paragraph, line numbers 5-9 to read as follows:

B4  
The first means include a pair of first endless strip-like belts 18, only one of which is shown if in the Figure 2, mounted around idler wheels 19 and a driving wheel 20, so as to define a straight vertical section near the station SO and to face the edges of a surface of the sheet F.

Please amend page 8, to add the following new paragraph prior to the last paragraph on the page:

B5  
Figure 9 shows how the endless belts 18 and 22 are disposed in mirror image on opposite sides of the sheet F, for gripping the sheet edges.
